

Component grade boundaries – January 2008 exams

GCE (AS and A2)

Here you can see the scaled mark **component** grade boundaries for GCE AS and A2 units.

Generally, GCE units consist of just one component so no scaling is necessary. In these instances the scaled mark grade boundaries are the same as the raw mark grade boundaries. However, where units consist of two components, where each component is required to carry a specific weighting towards the overall unit mark (eg Mathematics unit MS1A which comprises components MS/SS1A/W and MS/SS1A/C), scaling factors are necessary to ensure each component carries the correct weighting. In these instances scaled mark grade boundaries will be different from raw mark grade boundaries.
