

# **CPD in GCSE Science**

## *How Science Works – Effective Teaching Strategies*

### **Pre-course tasks**

1. Identify an enquiry you have undertaken with Y10 or Y11, collect and bring:
  - A teaching plan for this activity
  - A student script presented in response to the enquiry
  - Assessment notes
  
2. Identify an area of the curriculum where you would like to include an enquiry based task; bring any materials relating to this (e.g. worksheets).
