Notice to Candidates

1. The work you submit for assessment must be your own.
You must not plagiarise. This means you must not take someone else's words, thoughts, ideas or outputs and try to pass them off as your own.

2. You must clearly reference all your sources.
If you have used any material to create ideas for your work (like a book, journal or internet search) you must reference this, even if you haven't used exactly the same words or phrases in your own work. You must make clear which part, element or phrase you have used and say where it came from. If you receive help and guidance from someone other than your teacher, you must tell your teacher. They will then record the assistance given to you.

3. You must clearly acknowledge and reference any use of AI.
Sometimes you are allowed to use an AI tool to create your NEA. You must keep a copy of the original question(s) and any AI generated content you used, for example, a screenshot with a short explanation of how you used it. You must acknowledge the name of the AI tool used; the date the content was generated and the sources used by the AI tool in generating the content.
You need to hand this in with your final work so your teacher can check the AI content and how you used it.

4. You must keep your work confidential.
You can only share the work you submit for assessment with your teacher(s). You must not share it with anyone else, and you must not post it online.

5. The work you submit for assessment must be produced under the conditions set out in the specification.
Each qualification has a specific set of conditions. Your teacher will have explained the level of supervision and control necessary for this assessment.

If you break the rules, you could get zero marks, be disqualified from the unit or subject, or even from all exams. AQA will investigate and decide what happens.

If there is anything you don't understand, please speak to your teacher before you sign the form below.
