**Source B**

A German newspaper cartoon published in July 1919, entitled 'Clemenceau the Vampire'. The figure on the bed represents Germany.

**Source C**

From JM Keynes' book 'The Economic Consequences of the Peace' published in 1919. Keynes was a leading economist who worked for the British government but resigned in protest three weeks before the Treaty of Versailles was signed.

Nations should not morally visit on the children of their enemies the wrongdoings of parents or of rulers. The Treaty includes no provisions for the economic recovery of Europe – nothing to make the defeated Central Empires into good neighbours. The Big Three were preoccupied with other issues - Clemenceau to crush the economic life of his enemy, Lloyd George to bring home something that would be acceptable for a week, the President to do nothing that was not just and right.
